Dear Sir or Madam:

Enclosed is the list recently published in the Federal Register which notified Federal agencies and the public of laboratories currently certified by the Department of Health and Human Services as meeting the criteria at Subpart C of the Mandatory Guidelines for Federal Workplace Drug Testing Programs.

In addition to these laboratories, numerous laboratories are at various stages of the certification program. It is anticipated that many of these laboratories will be certified and added to the list in the near future. An updated listing will be published bi-monthly in the Federal Register on or about the 1st of the month.

Please arrange to review future issues of the Federal Register to obtain this information.

Should you have any questions regarding the list or the certification program, please call either Maureen Sullivan or myself at this office; we can be reached on (301) 443-6780.

Sincerely,

John Irving, (Cdr. U.S.N.)

To maintain that certification a laboratory must participate in an every-other-month performance testing program plus periodic, on-site inspections. In

accordance with Subpart C of the Guidelines, the following laboratories meet the standards set forth in the Guidelines:
